Presaflex modular wall display*

Revolutionise your retail space.

Change your mind, change your store.

It's that simple.

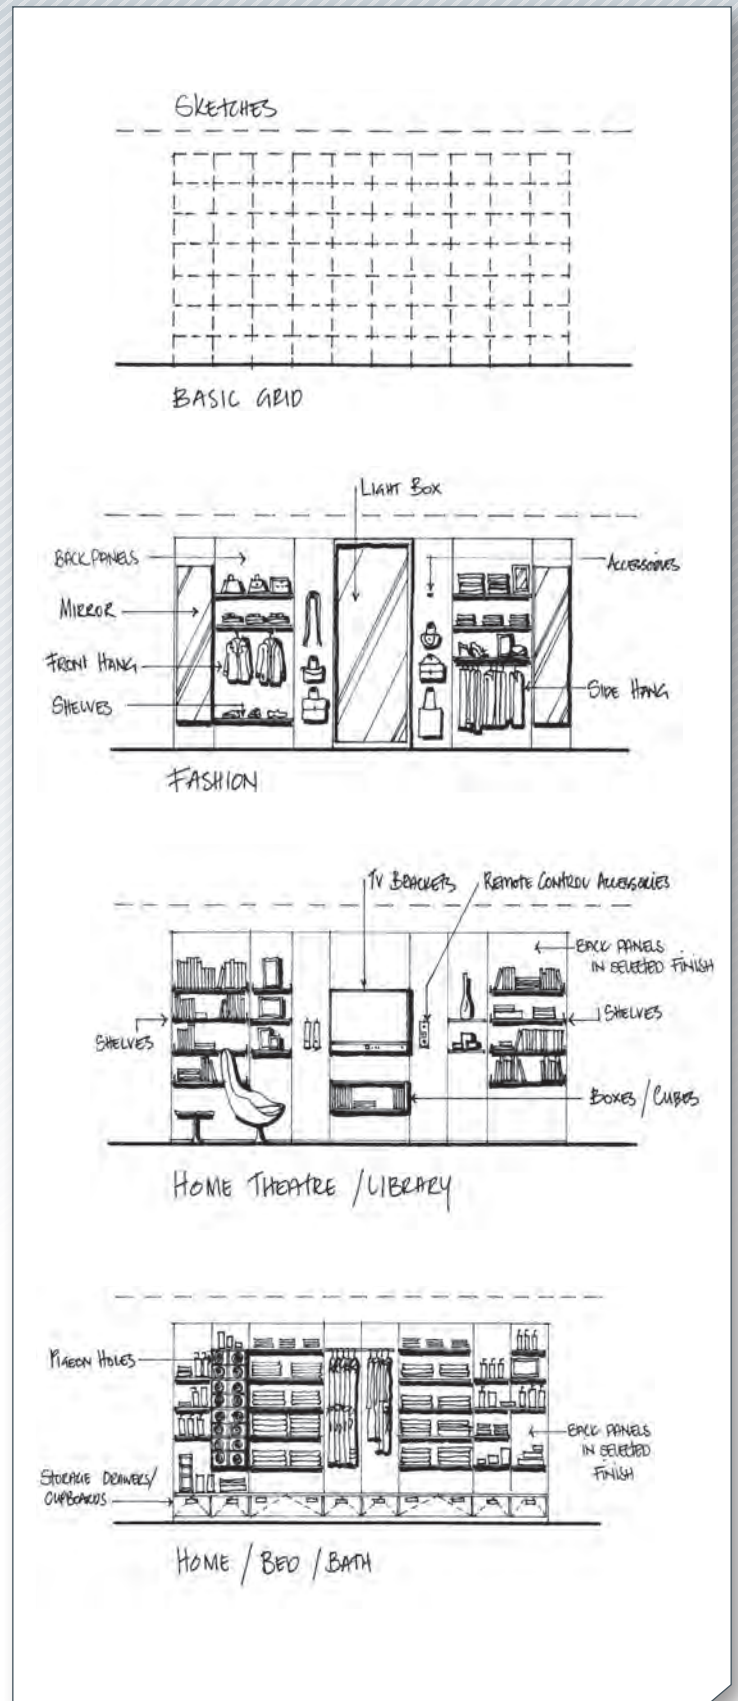

PRESAFLEX
AUSTRALIA
MODULAR RETAIL SYSTEM

Gone are the days of re-arranging retail space to suit static wall fittings.

With Presaflex, you can now customise your modular wall to suit your environment!

The Presaflex Advantage:

- Presaflex delivers unlimited design and layout potential (the only limit is your imagination)
- Transform a wall presentation in minutes (snap and click fast-change panels)
- Sleek, clean and streamlined appearance
- Presaflex allows for any size illumination or feature panel
- Feature and double-sided division walls are quickly introduced, changed, or even moved
- Mirrors, glass shelves, display cases and graphics can be easily added, replaced or repositioned
- Total flexibility – tailor Presaflex to suit your own unique and changing display requirements
- Power points, cabling and lighting are easily hidden, yet readily accessible
- Full range of accessories including shelving, brackets and hooks
- Presaflex Modular Retail Systems are 'Green Code' compliant

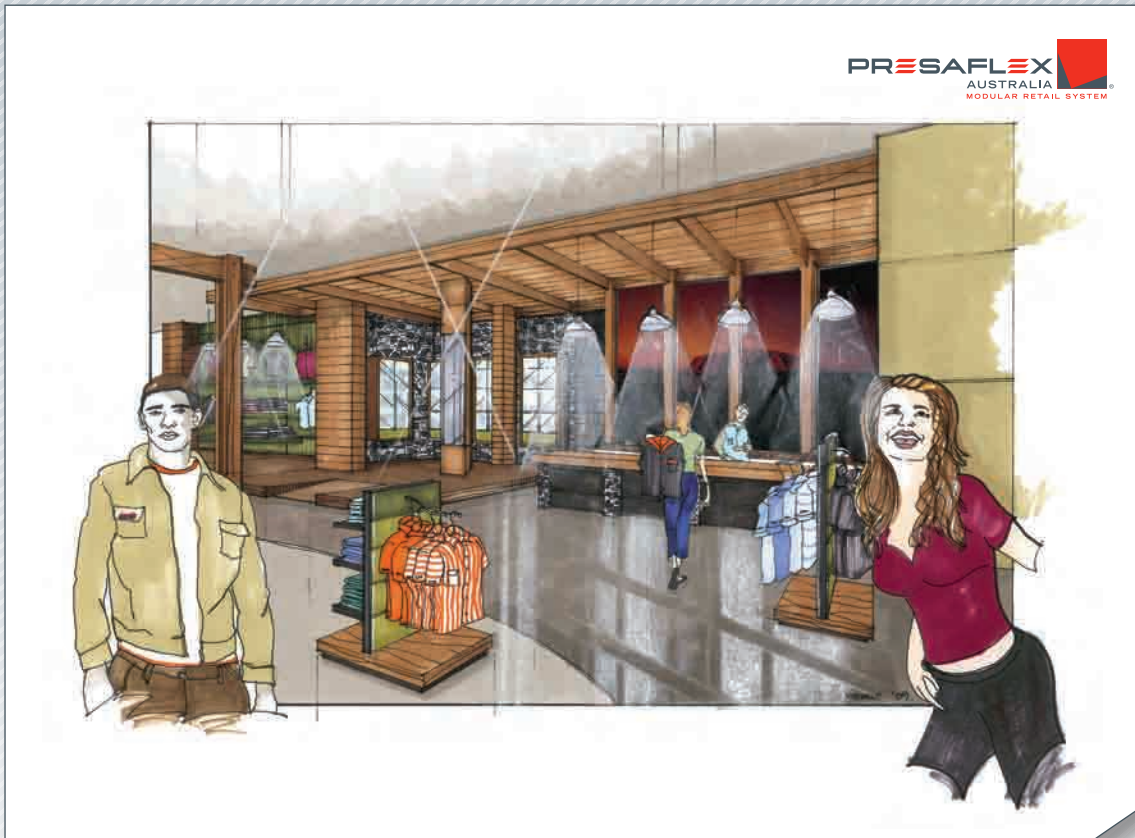

The applications are endless; either as a whole-store system, or a store-within-a-store feature.

*Demodeks Systems Presaflex concept sketches –
Note the use of full height Presaflex frames with graphic panels, double-sided Presaflex frames to create division walls, and Presaflex product display and storage drawers.*

Demodeks Systems Presaflex concept sketch –

Note the use of 2-pac display cases, gondolas and glass display cases, which are easily arranged and re-arranged to suit. Full length panels and light boxes create a stunning feature. Mirrors and graphics can be easily added, replaced or repositioned.
